

No 29

P. 013 June 1827

I have much pleasure in stating that I have known Baboo Ram Chandra Mitter from his childhood and I may almost say that he has been brought up under my control. He received his education at first at the School Society Bengalee and English Seminary and afterwards at the Hindu College and his acquirements both in Bengalee and English are most respectable. Since he left school he has for many years been employed as an English teacher in the College and has always conducted himself much to the satisfaction of every one connected with the institution.

His family is very respectable and I have no hesitation in saying that I believe him to be a very deserving young man of strict integrity and qualified to hold any situation to which a native may be eligible.
