Sir
I am sorry that my
health does not still permit
me to resume my duty.
I beg therefore to request
a further leave of absence
of 6 weeks as recommended
in the accompanying certificate
of my medical adviser. I shall
not however avail myself
of more than 4 weeks, if I can
recover sufficient strength
within this period.

Part 2

Certified, that Baboo Kuntoo
 Saherr has had a severe
 attack of colic - followed by
 the passing of a large worm.
 He is now suffering from
 general debility - and, I consider
 it necessary that he be allowed
 a further leave of absence
 for a period of one month
 or six weeks. If, however,
 his strength be
 re-established - at the end of
 a month he will not avail
 himself of the remaining
 15 days but return to his duty.

Dear Sir

Bahadur Ramtara Lahore a teacher of the Hindoo
College had an attack of Cholera on the night
of the 8th May. He is now too weak to attend to
his school duties. I therefore recommend him
change of air for one month for the complete
restoration of his health.
