

ACKNOWLEDGEMENTS

I express my deep sense of gratitude to and reverence for my supervisor Dr. Sasikumar Palani, Assistant Professor, Department of Chemistry, Presidency University, Kolkata for his guidance, motivation and endless support during this academic journey. It is indeed a great pleasure for me to express my heartfelt gratitude to Dr. Uday Chand Ghosh, Rtd. Associate Professor, Department of Chemistry, Presidency University, Kolkata for his intellectual support and inspiration all through. This work would not have been a reality but for their help.

I am also very grateful to the Department of Science and Technology (DST), Govt. of India for providing the financial support in the form of a Woman Scientist-B, (DST/Disha/SoRF-PM/064/2013/C dated 14/09/2015).

I am thankful to Presidency University authority and Head of the Department of Geology and Chemistry of Presidency University for giving me necessary permission and infrastructural facilities. I thankfully acknowledge the cooperation received from the faculty members, teachers, research scholars and non-teaching staff of the Department of Geology and Department of Chemistry, Presidency University.

I gratefully recognise the help rendered by my fellow researchers Abir Ghosh, Krishna Biswas, Indranil Saha, Tina Basu, Sarat Kanrer, Ayan Ghosh, Animesh Naskar, Pradip Bhuiya, Sayani Maity, Kuhu Bhattacharjee, Aditi Mandal, Piyali Sengupta, Praloy Ganguly, Sneha Mukhopadhyay, Paramita Das, Arnob Dasgupta, while carrying out laboratory experiments and analysis.

Finally, I want to thank my parents, my brother, my husband, my sister-in-law and other family members for their loving support and for being my main source of energy.

Kankan Mukhopadhyay
