

Bruce
22nd May. 1878.

My dear Quincy,

Can you kindly
help me? I want an
M.A. in mathematics to
assist as professor on
Rs. 156 a month. The
duration of the appoint-
ment is uncertain, but
it may be for months,

until you get an professor
of Physical Science from
England. If no M.A.
is available, a B.A. who
has passed very high in
mathematics would do.

Yours sincerely
W. Griffith
