Law Lectures

Write to inform you - if it be of any interest to you - that I have undertaken to lecture on "Criminal Law" a subject included in Peabody's course of lectures.

I was appointed to succeed Ingraham & to continue his course of lectures: & when I accepted & was permitted to take up Allen's course, I was not aware that I wd., by the change, have to deliver 70 instead of 94 lectures in the year. To equalize matters, Peabody & I have made the above arrangement.

I have spoken on the subject  
Mr. Mackay - he told me it was  
a subject point in which he wd. use  
interpre but wd. leave to Miss & Co  
to make such arrangements as wd. might  
think fit.

Very truly yrs
