15th Jany. 31

Dear Mr. Wolfenden,

I understood from our conversation of yesterday that recently you have permitted some professors of Government Colleges and teachers of Schools to sit on municipal boards. Under these circumstances, I hope, you have no objection to Mr. Hem Chandra Dutta Gupta, Demonstrator in Chemistry, to continue to be on the Municipal Board of Krishnagar. He has been there for about 15 years already and during that period for some years he was also the Chairman.

Yours sincerely,

J. C. C.
