

Midnapore.
The 23rd June, 1930.

Dear Sir,

May I have the privilege of addressing you on a personal matter.

Prof. Lacharay, I understand, is going to be appointed Principal of the Hughly College. If there is any chance for a person belonging to the Bengal Educational Service to be considered in connection with the resultant vacancy, may I be permitted to place my case before you.

I worked as Professor of History, Dacca College, for seven years and a half and was on deputation to the University of Dacca for nearly eight years. During this whole period I lectured on European History, Modern History, History of the Middle Ages and International Law. My period of deputation to the University of Dacca being over, I had to revert to British Service and, no teaching post being available for me, I was appointed a District Inspector of Schools a year and a half ago. Regarding my capacity as a teacher reference, if necessary, may kindly be made to Mr. Romsbatham, Mr. Langley and to confidential reports about me.

I claim the honor of having been your pupil at the Dacca College.

With kindest regards,

J. S. Barrow Esq.,
Principal Presidency,
College.

I remain,
Sir,
Yours obediently,
Suresh Chandra Mukherji
Dist. Inspector of Schools.
