Sir,

In referring to the last annual Report of the Hindoo College, I observe that there are a few vacancies in the free list of seats, which were filled by the Committee Collectively. As the Trustees by law, in more than one occasion, been allowed the privilege of being admitted on the occurrence of such vacancies, may I request the favor of your bringing the Circumstances to the notice of the Managers and urging on them the propriety of continuing the same indulgence in the present instance. I need scarcely mention that in the absence of other inducements, such as Scholarships, Contingents &c, a continuance of the privilege of free admission into the Hindoo College, will not be

^{Received}
^{copy} In reply to your letter dated 2^d July
 I have the honor to inform you
 that we do not require any copies
 of the second Number of the Encyclopaedia
 Bengaleens, either for the College
 or the School Societies School.

The second Number of the En-
 cyclopaedia contains the first three
 books of Euclid in English & Bengali
 that we are in the habit of
 teaching Euclid only in English, and
 very numbers of copies of the English

edition can be had from the Calcutta
Booksellers at a very reasonable
price. The price of the first six
books of Euclid, at the Calcutta School
Book Society's Depository is 2 Rs per
copy, which is nearly the price
of those books of Mr Sanson's ^{English} ~~English~~
Edition.

I may state generally, that we
are exceedingly well provided with
English Class-books of an elementary
kind: there is no deficiency to be
supplied here. It is only the
Bengalee Edition of the Encyclopedia
which will be of the smallest use
to us, and by no means ex-
cessive number even of it, as

We have already many excellent
 Bengala Class books which it is not
 desirable to supersede.

These the honor to be done

Sir,
I am directed to forward for

to request that you will introduce it as a
Bengalee Class book in the Class, which it may
be best adopted.

I shall feel obliged at the
same time, by your informing me of the number
of copies, that will probably be required by
